## REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or render obvious the overall claimed method of repairing a nerve root avulsion between a peripheral nerve and the central nervous system in a living vertebrate, the method comprising connecting an avulsed end in the peripheral nerve to a portion of the central nervous system through an pia incision or a method of reconnecting an avulsed end of an intercostal nerve to a cervical root of a spinal cord in a living vertebrate, comprising the avulsed end of the intercostal nerve into the cervical root of the spinal cord through a pia incision.
2. The combination of Aebischer et al. 5092871 in view of Cheng et al. 62335041 fails to teach the above limitation. Aebischer et al. teaches the connection of avulsed nerves ends of the same system (pns to pns or cns to cns). Cheng et al. teaches the connection of avulsed nerves via nerve grafts forming a bridge. Neither reference teaches connecting an avulsed end of a peripheral nerve directly to the central nervous system. Neither reference teaches making a connection of a peripheral nerve to the central nervous system via an incision in the pia mater.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
